BOAT LIFTS

...It's all in our name.

Alum-A-Vator is a traditional shafted beam boat lift, specifically engineered to withstand harsh conditions. Recognizable by its eight sided heavy-duty aluminum cast cover, Alum-A-Vator is the lift of choice for the discriminating homeowner and for any marina or commercial installation where reliability and durability are a must. All structural parts are manufactured from high strength corrosion resistant 6061-T6 aluminum and the lift is driven by stainless steel motors. Bunks are fully carpeted.

- **10 Year Structural Warranty** gives peace of mind
- **Permanently Lubricated Pulley Bearings** reduce user maintenance, a QUALITY exclusive
- **Grooved Aluminum Cable Winders** with cable keeper add to cable life and prevent uncoiling
- **Maintenance Free** no slip chain drive, the heavy duty choice in all large machinery
- **Stainless Steel** cables and hardware

- **Sealed Oil Bath Gear Box**
- **Weatherproof Motor** provides extreme reliability
- **Unique Single Switch Control System** is easy to operate
- **Patented Wedge Lock** cable attachment makes height adjustment easy
- **Welded For Structural Integrity** in key areas, bolting is limited to components requiring adjustment
- **Aluminum Association Standard Heavy Series Lifting Beams** used on all lifts.

ALUM-A-VATOR

Low profile applications available upon request

Specifications:

QUALITY'S Alum-A-Vator lift is available in seven sizes in four piling models up to 27,000 - pounds, and in three additional sizes in eight piling models up to 54,000 - pounds. Specifications are shown in the following chart:

Model #	Capacity	Electrical Requirements (per motor)	Motors	Lift Speed	Bottom Beam*	# of Pilings and Size	Piling Spacing (On Center)	
							Fore and Aft	Port to Starboard
Alum-A-Vator	4,500	120V-11.4 amps / 240V-5.7 amps	(2)3/4HP	45"/min	6" x 4"	(4) 8" Dia.	132"	120"
Alum-A-Vator	7,000	120V-11.4 amps / 240V-5.7 amps	(2)3/4HP	36"/min	6" x 4"	(4) 8" Dia.	144"	144"
Alum-A-Vator	10,000	120V-11.4 amps / 240V-5.7 amps	(2)3/4HP	23"/min	8" x 5"	(4) 8" Dia.	144"	150"
Alum-A-Vator	13,000	120V-11.4 amps / 240V-5.7 amps	(2)3/4HP	18"/min	8" x 5"	(4) 8" Dia.	144"	150"
Alum-A-Vator	16,000	120V-14.0 amps / 240V-7.0 amps	(2)1.0HP	22"/min	10" x 6"	(4) 10" Dia.	144"	168"
Alum-A-Vator	20,000	120V-14.0 amps / 240V-7.0 amps	(2)1.0HP	16"/min	12" x 7"	(4) 10" Dia.	168"	192"
Alum-A-Vator	27,000	120V-14.0 amps / 240V-7.0 amps	(2)1.0HP	13"/min	12" x 7"	(4) 10" Dia.	192"	192"
Alum-A-Vator	32,000	120V-14.0 amps / 240V-7.0 amps	(4)1.0HP	22"/min	12" x 7"	(8) 10" Dia.	72"-144"-72"	216"
Alum-A-Vator	40,000	120V-14.0 amps / 240V-7.0 amps	(4)1.0HP	16"/min	12" x 7"	(8) 10" Dia.	72"-144"-72"	216"
Alum-A-Vator	54,000	120V-14.0 amps / 240V-7.0 amps	(4)1.0HP	13"/min	12" x 7"	(8) 10" Dia.	72"-144"-72"	240"

It's all in our name...

In addition to building the finest, most reliable lifts, we are also the industry's innovator. Advanced product design is our forte. Our engineering expertise is unique, and is reflected in our particularly creative new designs. Check out our full product line today!
